Note: As you deviate from the suggested specifications above, the quality of your salute will not be as good. There are only so many things that can be tastefully included into a limited amount of space by cropping photos or by decreasing type size.

•how it works•

1 Write a message to your senior (according to the size specifications) on a sheet of paper or on the back of this form. Place your senior's name at the top.

2 Choose photograph(s), and write your senior's name on the back(s). Submit photos on photo paper or CD (**JPG format; 300 DPI**). *Photos copied onto copier paper cannot be accepted.*

3 Place brochure, message, photos, & payment (no multiple checks) into a resealable manila envelope. Mail it or bring it to the main office. Include a S.A.S.E. with your name on it if you would like to have your photos returned to you. Photos cannot be returned until the last week of April.

4 DO NOT attempt to trim or cut photos. Our designers have the capability and creativity to crop photos tastefully on the computer, so as not to harm the hard copy pictures. We can not crop people out of photos.

Note: **We take every precaution against losing photos, but we cannot guarantee this will not occur.** The yearbook room is a busy place with many teenagers at work; we recommend that you **give us photo paper copies of your photos that cannot be replaced.**

Final editorial control of salute content rests with the yearbook staff.

Note: **Incomplete salutes cannot be accepted. Changes cannot be made once salute orders have been accepted.**
